In 1968, Vermont legislators decided to enact a state-wide ban on the installation of billboards. The authorities implemented this change to preserve the state's natural beauty. The ban helped boost tourism. Vermont became the second state to ban billboards, Hawaii was first state in the 1920's. Maine followed in the 1980's and Alaska in 1998.

Local authorities in two Vermont towns shocked the nation in 2008 by passing resolutions aimed at the arrest of the then President George W. Bush and Dick Cheney. The resolution meant that individuals could effect a citizens' arrest if the two men ever visited Marlboro or Brattleboro. The town came to this decision because they felt that the two leaders violated the constitution.

It's always been  
easier for me to  
help others

than to  
help myself

As a Veteran, when someone raises their hand for help, you're often one of the first ones to respond. But it's also okay to get help for yourself. Maybe you want or need assistance with employment, stress, finances, mental health or finding the right resources. No matter what it is, you earned it. And there's no better time than right now to ask for it. **Don't wait. Reach out.**
